

SpiruSkin

SPIRULINA INTENSIVE CARE

TREATMENT CONCEPT

CLEANSING

Perfect skin care begins with a soft but thorough cleansing. It is the basis and precondition for an optimum effect of all following care products. Thereby it is especially important to support the natural cleansing function of the skin and thus support creation of a clear and fresh skin complexion.

* Cleansing Milk

- for all skin types, e. g.:

- for moisture poor and dry skin
- for adult skin
- for demanding skin
- for sensitive skin tending to facial erythrosis or telangiectasis
- for irritated skin tending to redness
- for fatty skin with big pores (seborrhea)
- for skin tending to impurities and acne

SpiruSkin Cleansing Milk removes soft and thoroughly all fat and water soluble impurities, cream, make-up and sebum. Valuable caring substances calm at the same timesensitive skin tending to impurities. Sweet almond oil and maize germ oil provide the necessary lubrication.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Sweet almond oil
- Maize germ oil

APPLICATION:

Dispense SpiruSkin Cleansing Milk with a massage on face, neck and décolleté. Exclude eye area. Frequently moisturize fingertips during massage. Thereby the skin will deeply be cleansed and the client relaxes during massage. Afterwards remove milk with a little sponge and plenty of lukewarm water or with a humid compress.

Tip: If the skin shall additionally be freed from peeled off skin cells and hornifications we recommend to continue with SpiruSkin Soft Plankton Peeling or a cleansing mask with SpiruSkin Clarifying & Cleansing Mask.

Complete each cleansing with SpiruSkin Toning Lotion.

For a quick and gentle cleansing of the eye area, also long persisting and waterproof eye make-up, we recommend SpiruSkin 2-Phase Eye Make-up Remover.

- * We supply the following sizes of **SpiruSkin Cleansing Milk**:
200 ml tube sales quantity unit
500 ml salon treatment produc

SpiruSkin Cleansing Milk

Ingredients according to INCI:

Aqua, Paraffinum Liquidum, Decyl Oleate, Prunus Amygdalus Dulcis Oil, Propylene Glycol, Glycerin, PEG-20 Methyl Glucose Sesquistearate, Methyl Glucose Sesquistearate, Spirulina platensis Extract, Sodium Carbomer, Imidazolidinyl Urea, Phenoxyethanol, Methylparaben, Propylparaben, Triclosan, Ethylparaben, Parfum/Profumo, BHA, Linalool, Coumarin, Chlorhexidine Digluconate, Caramel, Zea Mays Oil, C.I. 75810, C.I. 19140, C.I. 42090

Sanatur GmbH, Im Haselbusch 16, 78224 Singen (Germany)

CLEANSING

effect skin care begins with a soft but thorough cleansing. It is the basis and precondition for an optimum effect of all following care products. Thereby it is especially important to support the natural cleansing function of the skin and thus support creation of a clear and fresh skin complexion.

* Toning Lotion

- without alcohol. For all skin types, e. g.:
- for moisture poor and dry skin
- for adult skin
- for demanding skin
- for sensitive skin tending to facial erythrosis or telangiectasis
- for irritated skin tending to redness
- for fatty skin with big pores (seborrhea)
- for skin tending to impurities and acne

The various, natural micro nutrients of the micro alga spirulina platensis substantially support a vital, healthy skin complexion and already stimulate the natural resistance and skin regeneration on cleansing. Aloe vera provides and preserves moisture, has a smoothing, decongestant and anti-inflammatory effect. Hamamelis refreshes, firms and tones the skin. The pleasant and discreet fresh scent completes this skin care adventure.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Aloe vera extract
- Hamamelis extract

APPLICATION:

Apply SpiruSkin Toning Lotion on face, neck and décolleté after cleansing. Put a small quantity of toning lotion on a cosmetic pad and dab off the skin. Toning lotion helps to balance the natural pH-value of the skin after cleansing.

Tip: Like ampules SpiruSkin Toning Lotion can be first put on hands and then be pressed or rubbed into skin of face, neck and décolleté. Thus, its valuable ingredients can intensify their effect.

Complete each cleansing with SpiruSkin Toning Lotion.

SpiruSkin Toning Lotion is also an excellent aftershave lotion for well-tended men.

- * We supply the following sizes of SpiruSkin Toning Lotion:
 - 150 ml bottle sales quantity unit
 - 500 ml salon treatment product

SpiruSkin Toning Lotion

Ingredients according to INCI:

Aqua, Propylene Glycol, Glycerin, PEG-40 Hydrogenated Castor Oil, Aloe Parbadensis Leaf Extract, Hamamelis Virginiana Extract, Spirulina platensis Extract, Phenoxyethanol, Imidazolidinyl Urea, Parfum/Profumo, Ethylparaben, Methylparaben, Zea Mais Oil, Propylparaben, Linalool, Chlorhexidine Digluconate, Coumarin, C.I. 75810, Citronellol

Sanatur GmbH, Im Haselbusch 16, 78224 Singen (Germany)

CLEANSING

Perfect skin care begins with a soft but thorough cleansing. It is the basis and precondition for an optimum effect of all following care products. Thereby it is especially important to support the natural cleansing function of the skin and thus support creation of a clear and fresh skin complexion.

* Soft Plankton Peeling

- Soft and thorough cleansing for a clear skin complexion.

For all skin types, e. g.:

- for moisture poor and dry skin
- for adult skin
- for demanding skin
- for sensitive skin tending to facial erythrosis or telangiectasis
- for irritated skin tending to redness
- for fatty skin with big pores (seborrhea)

A massage with the micro fine particles of this peeling gently removes peeled off epithelium (small horn particles), sebum and slight hornifications. It provides a pure and fresh skin complexion and enhances the absorption of further care products.

A regular peeling supports both cell activity and also nearly in a perfect way the regenerative phases of the skin.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Mallow extract
- Cucumber extract
- Allantoin

APPLICATION:

Apply **SpiruSkin Soft Plankton Peeling** on skin after cleansing with **SpiruSkin Cleansing Milk**. Exclude eye area. According to treatment concept rub in peeling with a brush massage utensil or spoil client with a massage. Frequently moisturize fingertips during massage. Remove afterwards peeling with a humid, warm compress.

TIP: The treatment with **SpiruSkin Soft Plankton Peeling** is an excellent preparation for the **SpiruSkin** face masks **Beauty Cream Mask** and **Clarifying & Firming Mask**.

- * We supply the following sizes of **SpiruSkin Soft Plankton Peeling**:
50 ml jar sales quantity unit
250 ml salon treatment product

SpiruSkin Soft Plankton Peeling

Ingredients according to INCI:

Aqua, Paraffinum Liquidum, Petrolatum, Acetylated Lanolin, Cetearyl Alcohol, Polyethylene, Isopropyl Myristate, Isopropyl Palmitate, Cucumis Sativus Fruit Extract, Malva Sylvestris Extract, Spirulina Platensis Extract, Propylene Glycol, Glyceryl Stearate, Lanolin Alcohol, Triethanolamine, Butyrospermum Parkii Butter, Carbomer, Cetareth-20, Imidazolidinyl Urea, Phenoxyethanol, Allantoin, Methylparaben, Propylparaben, Parfum, Linalool, Butylparaben, Ethylparaben, Isobutylparaben, Coumarin, Zea Mays Oil, Citronellol, Geraniol, CI 75810, CI 19140, CI 42090

Sanatur GmbH, Im Haselbusch 16, 78224 Singen (Germany)

EYE CARE

The eye area belongs to the most sensitive ones of the face. There fine lines are first visible. At the same time just this skin almost daily is exposed to decorative cosmetics and is therefore especially stressed.

* 2-Phase Eye-Make-up Remover

- Especially suitable for:

- the sensitive eye area of all skin types
- a quick and gentle cleansing also for long persisting and waterproof eye make-up
- contact lenses wearers

The emulsifier free 2-phase preparation removes soft and thoroughly eye make-up and waterproof mascara. The combination of high-quality plant extracts, spirulina platensis microalgae, provitamin B5 and valuable lipids has a pleasant and moisture preserving effect on the sensitive eye area. Unscented.

After a few seconds the eye area is free from all decorative cosmetics and is ready for further care products.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Corn flower extract
- Chamomile extract (bisabolol)

To continue eye care we recommend SpiruSkin Eye Zone Repair Gel - moisture dispensing active gel for the sensitive eye area. This product softens fine lines and the eye area appears fresh and pure. It has a slight decongestant effect.

APPLICATION:

Prepare two cosmetic pads. Shake well **SpiruSkin 2-Phase Eye Make-up Remover** until two phases got mixed evenly. Put a little quantity of preparation on each cosmetic pad so that the pad gets well moisturized. Softly press 1 pad on each eye area and let act for a while. Then remove dissolved make-up from outside to inside the eye. If necessary use another pad.

TIP: For the innovative work in the beauty salon: SpiruSkin 2-Phase Eye Make-up Remover and SpiruSkin Eye Zone Repair Gel are excellent for each eye care system. Especially in summer when people generally don't like extended massages, a systematic beautiful eye care with eyebrows correction, coloration, a slight tapping massage and moisturizing mask with **SpiruSkin Eye Zone Repair Gel** can be a good sales booster.

- * We supply the following sizes of **SpiruSkin 2-Phase Eye Make-up Remover**:
150 ml bottle sales quantity unit
250 ml salon treatment product

SpiruSkin 2-Phase Eye-Make-up Remover

Ingredients according to INCI:

Aqua, Cyclopentasiloxane, C12-15 Alkyl Benzoate, Propylene Glycol, Spirulina Platensis Extract, Centaurea Cyanus Flower Water, Phenoxyethanol, Sodium Chloride, Potassium Sorbate, Panthenol, Potassium Chloride, Tetrasodium EDTA, Methylparaben, Ethylparaben, Bisabolol, Propylparaben, Citric Acid, CI 42090

Sanatur GmbH, Im Haselbusch 16, 78224 Singen (Germany)

EYE CARE

The eye area belongs to the most sensitive ones of the face. There fine lines are first visible. At the same time just this skin almost daily is exposed to decorative cosmetics and is therefore especially stressed

* Eye-Zone Repair Gel

- Moisture giving active gel for the sensitive eye area, especially suitable for:

- the sensitive eye area of all skin types
- slight edemas around the eyes
- tired eyes
- contact lenses wearers

The pure, non fatty gel immediately calms the eye area by a special vegetable active complex of spirulina platensis microalge, hamamelis extract and echinacea. The tired and stressed eye area already gains back its freshness after a short time of application. Fine lines and facial expression lines will be softened. The moisture balance will be supported effectively.

Fine lines will be softened; the eye area appears fresh and pure. It has a slight decongestant effect.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Echinacea • Hamamelis extract • Irish moos
- Lecithin (Liposome creator)

For cleansing we recommend **SpiruSkin 2-Phase Eye Make-up Remover**. After a few seconds the eye area is free from all decorative cosmetics and is ready for further care products.

APPLICATION as serum:

Always apply **SpiruSkin Eye Zone Repair Gel** towards the nose with circular movements. Start from the inner eye corner. The movement effects over the superciliary arch in direction of the external eye corner. Return from there below the eye to the inner eye corner. To preserve the fine skin under the eyes the gel can also be slightly palpitated into skin with the middle and ring finger. Afterwards complete care with a day cream.

APPLICATION as mask:

Apply approx. 1 mm of **SpiruSkin Eye Zone Repair Gel** on eye area with fingertips and a short massage as described above. Then let act for 20 minutes. Afterwards remove remaining gel with a dry compress. This product has a special decongestant effect on the eye area. Finish skin care with a day or night cream.

TIP: For the innovative work in the beauty salon: **SpiruSkin 2-Phase Eye Make-up Remover** and **SpiruSkin Eye Zone Repair Gel** are excellent for each eye care system. Especially in summer when people generally don't like extended massages, a systematic beautiful eye care with eyebrows correction, coloration, a slight tapping massage and moisturizing mask with **SpiruSkin Eye Zone Repair Gel** can be a good sales booster.

* We supply the following sizes of **SpiruSkin Eye Zone Repair Gel**:
30 ml dispenser sales quantity unit and salon treatment product

SpiruSkin Eye Zone Repair Gel

Ingredients according to INCI:

Aqua, Propylene Glycol, Glycerin, Triethanolamine, Carbomer, Echinacea Purpurea Extract, Spirulina Platensis Extract, Hamamelis Virginiana Water, Polysorbate 20, Carrageenan, Imidazolidinyl Urea, Phenoxyethanol, Methylparaben, Parfum, Ethylparaben, Propylparaben, Magnesium Nitrate, Sodium Hyaluronate, Lecithin, Linalool, Hydroxycitronellal, Geraniol, Methylchlorisothiazolinone, Magnesium Chloride, Methylisothiazolinone

Sanatur GmbH, Im Haselbusch 16, 78224 Singen (Germany)

MOISTURE

Moisture is one of the most important components for smoother, younger looking skin.

* Active Moisturizing Gel

- Pure moisture as serum or mask; especially suitable for:

- moisture poor and dry skin
- adult skin
- demanding skin
- sensitive skin tending to facial erythrosis or telangiectasis
- irritated skin tending to redness

The pure, non fatty gel with an effective complex of active ingredients of spirulina platensis microalgae and seaweed extracts provide the skin with long-term moisture. The unique formula supports elasticity and balances moisture. After a few applications only, the skin already looks more vital, smoother and softer. The face gets new freshness and a soft appearance.

Fine lines are softened; the skin appears well-circulated, smoother and juvenile fresh.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Seaweed extracts

APPLICATION as serum:

Apply **SpiruSkin Active Moisturizing Gel** on face, neck and décolleté and rub effective agents into the skin. Exclude eye area. Continue skin care with a mask according to skin type or finish with a day cream.

APPLICATION as mask:

Rub into skin **SpiruSkin Active Moisturizing Gel** with fingertips and a short massage. Let act for 20 minutes. Afterwards remove remaining gel with a dry compress. Finish skin care with a day or night cream.

- * We supply the following sizes of **SpiruSkin Active Moisturizing Gel**:
30 ml dispenser sales quantity unit

SpiruSkin Active Moisturizing Gel

Ingredients according to INCI:

Aqua, Propylene Glycol, Algin, Spirulina Platensis Extract, Phenoxyethanol, Salicylic Acid, Xanthan Gum, Disodium EDTA, Methylparaben, Agar, Butylparaben, Ethylparaben, Isobutylparaben, Propylparaben, Magnesium Nitrate, Methylchloroisothiazolinone, Magnesium Chloride, Methylisothiazolinone

Sanatur GmbH, Im Haselbusch 16, 78224 Singen (Germany)

BASIC CARE

SpiruSkin basic care creams are effective for work in the beauty salon and can easily be applied at home as anti-aging beauty care. Tired and stressed skin will be activated and gets a radiant appearance. The skin will individually be supplied with important active agents, regains energy and the necessary balance between firmness and smoothness.

RESULT: Approved reduction of wrinkle profundity if applied regularly.*

* Nutritive Cream

- Regenerating nourishing cream for day and night skin care:

- for moisture poor and dry skin
- for adult skin
- for demanding skin
- for sensitive skin
- for irritated skin tending to redness
- for night care of normal skin
- for winter care for all skin types
- as massage cream for all skin types

SpiruSkin Nutritive Cream supplies extensive care especially for dry, sensitive skin. Spirulina platensis microalgae, moisture giving substances and lecithin - a natural liposome creator - provide sensitive and stressed skin with intensive care. Sweet almond oil, shea butter and lanolin remove dryness and the sensation of tenseness.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Sweet almond oil
- Shea butter
- Lanolin
- Lecithin (liposome creator)

APPLICATION:

Apply **SpiruSkin Nutritive Cream** on face, neck and décolleté after cleansing with a massage.

TIP: **SpiruSkin Nutritive Cream** can be used as an excellent massage cream for face, neck and décolleté for all skin types. It can also be used to massage and care rough and chapped skin, e. g. hands, feet or lips.

SPECIAL CARE

SpiruSkin special care for freckles and pigmented moles was developed to work efficiently in the beauty salon and can easily be applied at home every day for an effective beauty and anti-aging skin care. A beautiful, harmonious skin complexion and activated, fresh skin result from this intensive special care cream.

* Anti Pigment Cream

- Intensive care cream for day and night care for a skin complexion with:

- freckles
- pigmented moles
- age spots

SpiruSkin Anti Pigment Cream with spirulina platensis, vitamins and moisture preserving substances was especially developed for a skin complexion with freckles, age spots and pigmented moles. Bearberry leaves extract and cucumber extract, protective vitamins A, E and C have a purifying, calming and brightening effect. Spirulina platensis, lanolin and lecithin, a natural liposome creator, provide stressed skin with intensive skin care and make it smooth and soft.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Bearberry leaves extract
- Cucumber extract
- Lanolin
- Lecithin (liposome creator)

APPLICATION:

Apply **SpiruSkin Anti Pigment Cream** on face, neck and décolleté after cleansing with a massage.

TIP: **SpiruSkin Anti Pigment Cream** can excellently be used as anti-aging care for hands.

To achieve a satisfactory result, **SpiruSkin Anti Pigment Cream** shall be applied for minimum 4 weeks. This is an ideal product for the client at home and for additional sales in the beauty salon. This cream does not influence the abnormal de-pigmentation of skin in case of vitiligo.

- * We supply the following sizes of **SpiruSkin Anti Pigment Cream**:
50 ml jar sales quantity unit
250 ml salon treatment product

SpiruSkin Anti Pigment Cream

Ingredients according to INCI:

Aqua, Paraffinum Liquidum, C 12-20 Acid PEG-8 Ester, Propylene Glycol, Titanium Dioxide, Acetylated Lanolin, Isopropyl Myristate, Isopropyl Palmitate, Cucumis Sativus Fruit Extract, Spirulina Platensis Extract, Ethylhexyl Methoxycinnamate, Triethanolamine, Arctostaphylos Uva Ursi Leaf Extract, Carbomer, Glycerin, Phenoxyethanol, Benzophenone-3, Imidazolidinyl Urea, Sodium Carbomer, Methylparaben, Propylparaben, Disodium EDTA, Parfum, Magnesium Ascorbyl Phosphate, Retinyl Palmitate, Tocopheryl Acetate, Lecithin, Butylparaben, Ethylparaben, Isobutylparaben, Tocopherol, Limonene, Hexyl Cinnamal, Ascorbyl Palmitate, Hydroxycitronellal, Butylphenyl Methylpropional, Citral, Linalool, Citric Acid

SPECIAL CARE

SpiruSkin special care for neck and décolleté was developed to work efficiently in the beauty salon and can easily be applied at home every day for an effective beauty and anti-aging skin care. A beautiful, soft shimmering décolleté and activated, fresh skin on the neck result from this intensive special care cream.

* Throat & Décolleté Cream

- Intensive care cream for neck and décolleté for all skin types, e. g.:

- for moisture poor and dry skin
- for adult skin
- for demanding skin
- for normal skin
- for fatty skin with big pores (seborrhea)

The rich neck and décolleté cream has a creamy consistency which is absorbed quickly by the skin and leaves a silky shimmer. The combination of moisture preserving substances with spirulina platensis microalgae, the protective vitamins A, E and C as well as a natural liposome creator is an effective skin care for the sensitive area of neck and décolleté. The skin gets firm and looks clearly smoothed.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Rice oil
- Lecithin (liposomes creator)

APPLICATION:

Apply **SpiruSkin Throat & Décolleté Cream** on décolleté and neck after cleansing, massage and mask. The treatment is especially effective if the cream is slightly rubbed in at the lymph points in direction of armpits and neck. Please do not massage otherwise the silky nacre shine of the skin will get lost.

SpiruSkin Throat & Décolleté Cream can optimally be combined with **SpiruSkin Active Moisturizing Gel** and thus even enhances the beauty effect of the treatment.

TIP: **SpiruSkin Throat & Décolleté Cream** can also be used as exclusive care cream to finish beauty treatment of adult hands.

- * We supply the following sizes of **SpiruSkin Throat & Décolleté Cream**:
30 ml dispenser sales quantity unit
250 ml salon treatment product

SpiruSkin Throat & Décolleté Cream

Ingredients according to INCI:

Cleansing and care in one

* Clarifying & Firming Mask

- Firming cleansing mask; especially suitable for:

- normal and mixed skin
- a skin complexion with acne
- fatty skin with big pores (seborrhea)

- as soft cleansing also suitable for:

- adult skin
- demanding skin
- irritated, reddened skin
- skin tending to telangiectasis and facial erythrosis

This firming cleansing mask removes soft and gently dead cells from the upper skin layers. Zinc oxide, kaolin and panthenol have a calming effect on sensitive skin tending to impurities, smooth and firm the tissue, support perspiration and mat the skin complexion. Spirulina plantensis and allantoin stimulate the vital forces. The skin complexion gets a clear and velvet appearance. This mask can also be applied in case of impurities on breast and back. Skin impurities can heal more quickly.

Fine lines are softened; the skin looks well-circulated, smoother and juvenile fresh.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Zinc oxide
- Kaolin
- Allantoin

APPLICATION:

Apply approx. 1 mm of **SpiruSkin Clarifying & Firming Mask** with a massage brush on face, neck and décolleté. Exclude eye area. The mask gets more intensive if the face is vaporized during time of action. Remove mask after 20 minutes with a humid compress.

To intensify blood circulation, 1/2 teaspoon of Sanatur chlorella microalgae powder can be mixed with this cleansing mask. Especially smokers' skin and skin with big pores benefit from this method.

IMPORTANT: Before mixing microalgae powder separate desired quantity for the mask from salon treatment product filling and put it into a bowl. Immediately use up mask mixed with microalgae powder.

- * We supply the following sizes of **SpiruSkin Clarifying & Firming Mask**:
50 ml jar sales quantity unit
250 ml salon treatment product

SpiruSkin Clarifying & Firming Mask

Ingredients according to INCI:

Aqua, Zinc Oxide, Kaolin, Glycerin, Propylene Glycol, Hectorite, Hydroxyethylcellulose, Spirulina Platensis Powder, Tocopheryl Acetate, Allantoin, Imidazolidinyl Urea, Phenoxyethanol, Methylparaben, Panthenol, Parfum, Ethylparaben, Propylparaben, Linalool, Coumarin, Chlorhexidine Digluconate, Citronellol, Geraniol

Sanatur GmbH, Im Haselbusch 16, 78224 Singen (Germany)

SPECIAL CARE

Moisture is one of the most important components for smoother, younger looking skin.

* Beauty Cream Mask

- Smoothing moisture mask; especially suitable for:

- moisture poor and dry skin
- adult skin
- demanding skin
- sensitive skin tending to facial erythrosis or telangiectasis
- irritated skin tending to redness

By this rich moisture mask optimum skin moisture can be achieved and stressed skin gets balanced again. Spirulina microalgae and oak bark extract activate the vital forces of the skin and dispense moisture. Avocado oil, sweet almond oil and maize germ oil provide more suppleness and necessary lubrication.

Fine lines are softened; the skin looks well-circulated, smoother and juvenile fresh.

Important, natural substances:

- Spirulina platensis microalgae with various amino acids, vitamins and vital substances
- Avocado oil
- Sweet almond oil
- Oak bark extract

APPLICATION:

Apply approx. 1 mm of **SpiruSkin Beauty Cream Mask** with a mask brush on face, neck and décolleté. Exclude eye area. If desired can be vaporized afterwards. Remove mask after 20 minutes with a compress.

To intensify blood circulation 1/2 teaspoon of Sanatur BioSpirulina microalgae powder can be mixed with this cream mask. Especially smokers' skin and skin with big pores benefit from this method.

IMPORTANT: Before mixing microalgae powder separate desired quantity for the mask from salon treatment product filling and put it into a bowl. Immediately use up mask mixed with microalgae powder.

- * We supply the following sizes of **SpiruSkin Beauty Cream Mask**:
50 ml jar sales quantity unit
500 ml salon treatment product
